Pre K-8  
School Edition

[www.tki.org.nz/epic](http://www.tki.org.nz/epic)

Trusted by Millions of  
Teachers & Students Worldwide

## REGIONAL HOSTING AND SUPPORT

For faster access, content delivery and exceptional customer service including complimentary training and usage reports.

## LOCAL CONTENT AND FOCUS

Comprehensive coverage - history, geography, sports, plants, animals, people and culture.

## LEARNING ZONE FOR PreK-2

Interactive learning environment allows students to play, discover and create.

## AGE APPROPRIATE CONTENT

Two complete encyclopedias caters from Early Learners through to Year 8. Read aloud feature for reluctant readers and ESL students.

"Britannica Online is a wonderful resource provided free to schools through the EPIC databases. It's a great place to start when we need to find information for our Inquiry context. The information is easy to read and is backed up with super pictures.

Our students know Britannica Online School edition very well - we use it in the library on the interactive whiteboard and there's great excitement to guess the Animal of the Day. We also really like the news section - the topics are so interesting (sometimes whacky!) and the kids can read along with the newsreader."

Fran Mes, Viscount School Mangere Auckland.

## INTERACTIVE LEARNING MATERIALS

Fully searchable learning materials developed by teachers and curriculum experts. Interactive whiteboard compatible they provide a stimulating, engaging way to learn and cater to a range of learning styles.

## CLASSROOM RESOURCES

Supporting Teachers.

Dynamic content and features including ABC BTN, current events and interactive materials for use in the classroom and from home. Fully integrated research includes extensive multimedia, current journal and magazine articles, student friendly websites and print resources.

## CURRICULUM ALIGNED

Teachers know they are focusing on the right areas.

## WORKSPACE

Save, organise and share research with others.

Access provided through EPIC by the NZ Ministry of Education
