You teach with confidence.

They know for sure!™

Learning Zone

The new Britannica Learning Zone offers an engaging online resource for early childhood learning, covering letters, words, numbers, time, sound, geography and more. This activity based learning environment, created for early learners, supports the classroom curriculum and helps students build technology skills.

Curriculum Alignment & Support

Britannica Online School Edition is aligned to the curriculum standards and benchmarks of every state and territory in Australia.

Expand Your Research

Opportunities to research further are aplenty with current journal and magazine articles from EBSCO, recommended web sites, interactive learning materials, RSS news feeds, subject related multimedia and teacher resources.

Australian Content

Britannica Online School Edition currently has 6,000 articles that reference to Australia across the three levels. Read about the many faces and places with Australia in Focus or get instant access to profiles and summary information for every state and territory with Discover Australia.
